

Pediatric Symposium

27210 College Road, Centralia, IL 62801
(Lifelong Learning Center)

January 29, 2025 | 8:00 AM - 4:30 PM

Learning Objectives:

- List the common life-threatening complications of trauma in the pediatric age group.
- Differentiate between respiratory illnesses commonly infecting children and their management.
- Describe the management of the pediatric patient with a tracheostomy.
- List the initial stabilization steps following the delivery of the newborn.
- Differentiate between the specific types of pediatric seizures and their management.
- Summarize the initial treatment and management of the pediatric septic patient.

Event Overview

ICAHN and SSM Health Cardinal Glennon Children's Hospital is offering this day-long, **no-cost** symposium geared for nurses, EMS providers, respiratory therapists, and college students. This event is open to the public.

Breakfast and lunch will be provided.
