

EXECUTIVE BRIEFING

Thursday, June 11, 2026
9-10 a.m. Central Time

& **ADVOCACY IN ACTION**
VIRTUAL MEETING

Tracy Warner | Executive Director | ICAHN

Join ICAHN Board Leadership and Executive Director Tracy Warner as they share highlights from the membership survey and other inputs used to develop key priorities for ICAHN's 2026–2028 Strategic Plan including the organization's new mission, vision, and future direction. As one of ICAHN's strategic focus areas, advocacy and influence represent the critical importance of ensuring rural hospital voices are heard at the state and national levels.

From Strategy to Action

Building on that strategic priority, two of Illinois' most respected healthcare advocacy voices will deliver a high-impact discussion during Advocacy in Action. Drawing from their extensive experience at the state and national levels, Susan and Tim will share strategic insights on how hospital executives can strengthen relationships with policymakers, influence policy decisions, and elevate the rural voice in today's rapidly changing healthcare environment.
