# Advancing Excellence in Nutrition Care

---

Sara E. Eades,  
MS, RDN, LDN

# Purpose

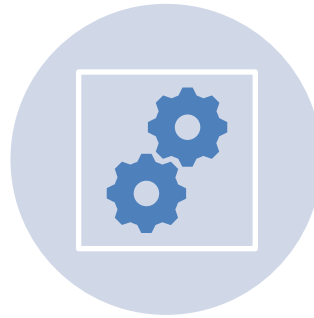

Address variability in screening, documentation, and communication to improve swing bed patient outcomes.

# Objectives

ALIGN WITH  
REGULATIONS

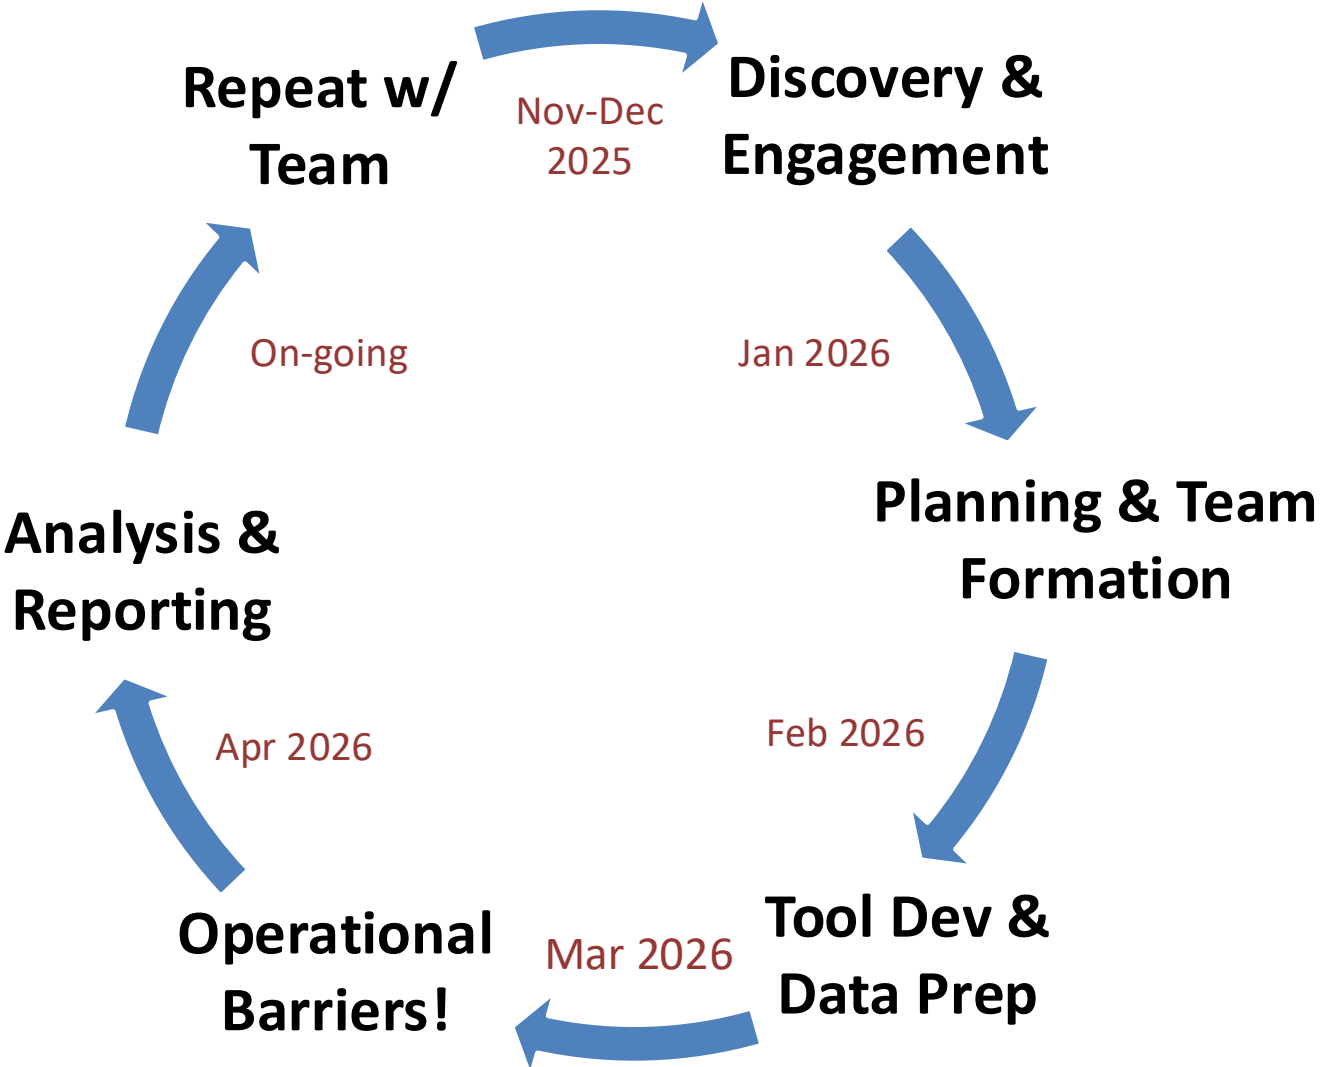

STANDARDIZE  
WORKFLOWS

SUPPORT STAFF  
READINESS

# Timeline

# Results Highlights

- 
- Strong: Diet orders, DM monitoring
  - Needs improvement: weights, intake documentation

# Key Data

85% screening

14% weight  
compliance

0% intake accuracy

# Opportunities

- Improve documentation accuracy
- Standardize weights
- Strengthen communication

# Recommendations

Education  
toolkit

Champion  
team

Cheat sheets

Recognition  
strategies

# Next Steps

- Quarterly PI tracking
- Ongoing staff competency
- Sustain improvements
- **HAVE A LITTLE FUN & CELEBRATE WINS**
  - Thanks for that advice, Karissa!
