

**June 2, 9, 16, and 23 | 11:00 AM - noon**

# Data That Delivers: Powering Quality Improvement

**REGISTER HERE**

## Tuesday, June 2

### The Role of Data in Quality

- Understand quality improvement, how data shows it, key data types, and core measurement categories.

## Tuesday, June 9

### Data Collection and Analysis

- Understand measure options, collection methods, and diagnostic data analysis.

## Tuesday, June 16

### Prioritization, Visualization, and Data Dashboards

- Understand data visualization, when to use different formats, and how to design effective dashboards.

## Tuesday, June 23

### Data for Storytelling and Engagement

- Understand the Switch model, tailor messages to audiences, and use data-driven storytelling to engage partners.

## Featured Presenters:

### Sophia Brasil, MPH

Sophia is the Senior Research Analyst at Stratis Health and is driven by a mission to reduce disparities and improve health outcomes for all populations. Her work focuses on bridging the critical gap between evidence-based research, innovation, and on-the-ground implementation.

### Sarah Brinkman, MA, MBA, CPHQ

Sarah is a senior program manager at Stratis Health with nearly twenty years of experience in health care quality, ranging from the community to the national level. She has dedicated her career to improving health care and wellbeing for individuals and communities, and advancing health equity, including eliminating disparities in health care delivery and outcomes in rural areas.

This program is supported by the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) as part of an award totaling \$949,120 with 0% financed with non-governmental sources. The contents are those of the author(s) and do not necessarily represent the official views of, nor an endorsement by, HRSA, HHS, or the U.S. Government.
